

## RG65 boat and parts 2021

MS 1500 MANTA 2021 RG 65 hull .....180.- EUR

- molding the high pressure ballon technique in ALUMINIUM TOOL
- fiberglass hull
- 65 +/- 3g
- cnc deck cutout
- installed front
- rubber bumper
- carbon ring and pot lid 60mm

selectable std. RAL color

MS 1510 MANTA 2021 completed assembled fiberglass hull .....470.- EUR

- 3D printed parts
- standard foil kit
- swing rig system
- installed and painted 620g bulb

MS 1520 MANTA 2021 completed assembled fiberglass hull .....500.- EUR

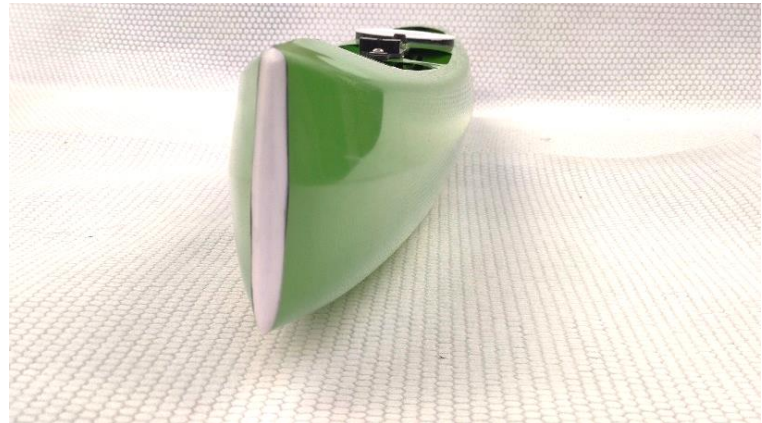

- 3D printed parts
- textrem foil kit
- swing rig system
- istalled and painted 620g bulb

Optional : add carbon the hull ..... 50 .- EUR

MS 1505 MANTA 2021 rubber bumper.....8 .-EUR

- white or black

MS 1404 deck reinforcement.....4.- EUR

- cnc cutted carbon herex sandwich
- M3 alu glue in nuts

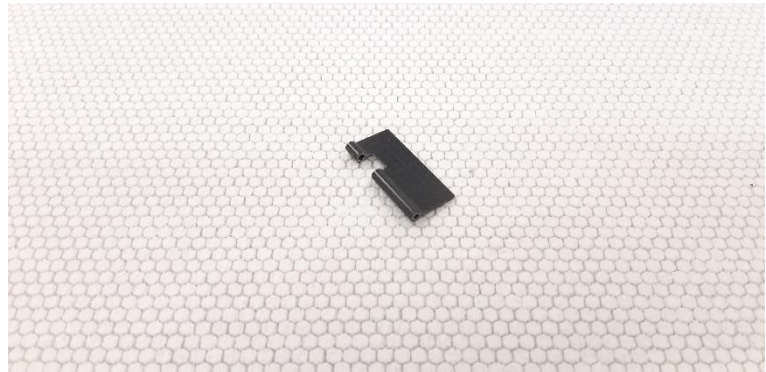

MS 1405 sail servo plate.....4.-EUR

- cnc cutted carbon herex sandwich
- fitted the MS 1017 and MS1018
- M3 alu glue in nuts

MS 1005 carbon moulded trunking.....5.- EUR

- Length 45mm
- compatible MS 1006
- compatible MS 101

MS 1006 rudder arm.....2.- EUR

MS 1009 mast bearing holder .....11.-EUR

- with ballbearing (6x10x3 flanged)
- CNC machined carbon plate
- 3D printed rig holder

MS 1014 Carbon sail servo arm .....8.- EUR

- CNC machined
- length 55mm
- fitted DF roller block

MS 1015 Dragon force roller block .....3.-EUR

MS 1016 3D printed rudder servo holder.....6.- EUR

Fitted by Hitec 5070  
or similar servos

compatible the MS 1005 :

MS 1017 3D printed sail servo holder for normal size servo (40x20mm).....7.- EUR

MS 1018 3D printed sail servo holder for midi size servo (35x16) .....7.- EUR

MS 1019 3D printed main sheet post .....8.- EUR  
- installed sliding tube inside

MS 1020 3D printed mast bracket .....3.- EUR

fitted to MS 2021

MS 1022 60mm carbon ring and pot lid.....10.- EUR

MS 2010 fin 3x3 mm carbon .....55.-EUR

Steel mold tool!!!

- High streng carbon layers
- CNC machined XPS foam core
- stainles steel threaded rod upper (M3)
- weight: 45 (+ / - 2g)
- length: 370mm
- width: from above to down 50mm-58mm-38mm
- thicknes: above 4,5-4,7mm – down 2,8-3mm

MS 2012 fin TEXTREM edition.....75.-EUR

- lighter and stiffer version
- High modulus UD and TEXTREM carbon layers
- CNC machined XPS foam core
- stainles steel threaded rod upper (M3)
- weight: 39g (+ / - 1g)
- length: 370mm
- width: from above to down 50mm-58mm-38mm
- thicknes: above 4,5-4,7mm – down 2,8-3mm

MS 2021 carbon fin box.....25.- EUR

- Steel mould tool
- carbon and glass fiber layer
- extra water closed layer
- weight: 12 (+/- 1g)

MS 2030 rudder 3x3 mm carbon.....25.-EUR

Steel mould tool

- high streng carbon layers
- Cnc machined airex foam core
- 3mm stainles steel shaft
- weight with shaft 13 +/- 1g
- length: 150mm
- Width: 48mm-32mm
- thickness: (upper) 3,3mm

MS 2031 rudder TEXTREM edition.....30.- EUR

- High modulus UD and TEXTREM carbon layers
- Cnc machined airex foam core
- 3mm stainles steel shaft
- weight with shaft 9 +/- 1g
- length: 150mm
- Width: 48mm-32mm
- thickness: (upper) 3,3mm

MS 2041    bulb 425g (copper core).....25.-EUR  
- Pure lead  
- 3mm copper core reinforcement  
- weight +/-5g

MS 2060    bulb 520g (copper core).....25.-EUR  
- Pure lead  
- 3mm copper core reinforcement  
- weight +/-5g

MS 2070    bulb 620g (copper core).....25.-EUR  
- Pure lead  
- 3mm copper core reinforcement  
- weight +/-5g

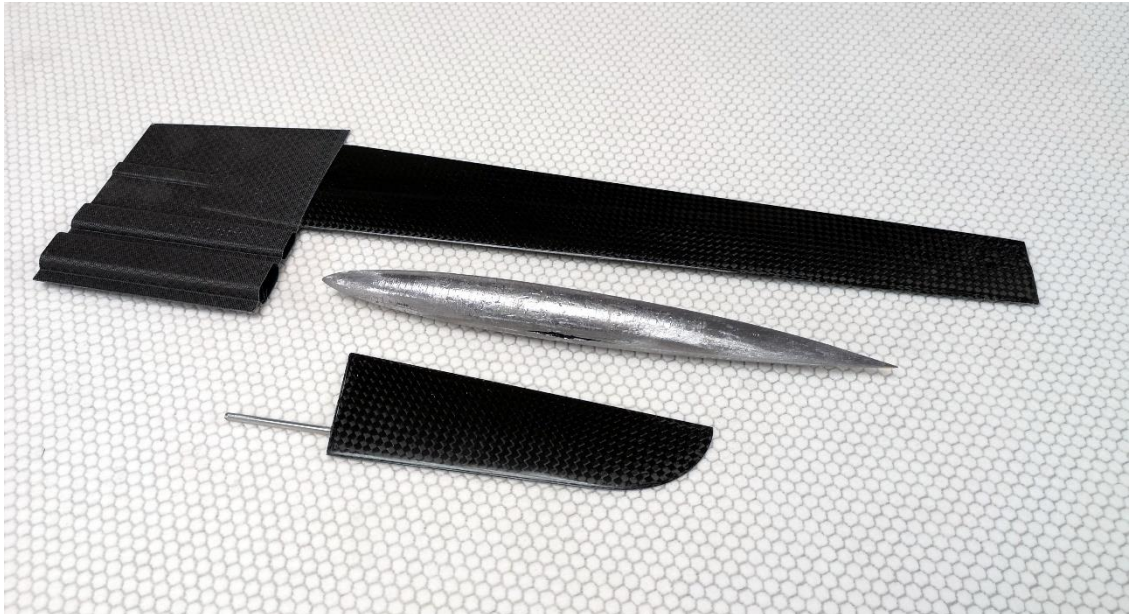

MS 2080    bulb 715g (copper core).....25.-EUR  
- Pure lead  
- 3mm copper core reinforcement  
- weight +/-5g

MS 2100    Foil kit .....105.- EUR

- fin
- rudder
- fin box
- any weight bulb

MS 2101    TEXTREM edition foil kit .....135.- EUR

- TEXTREM fin
- TEXTREM rudder
- carbon fin box
- any weight bulb

MS 3101 Swing A sail.....35.- EUR

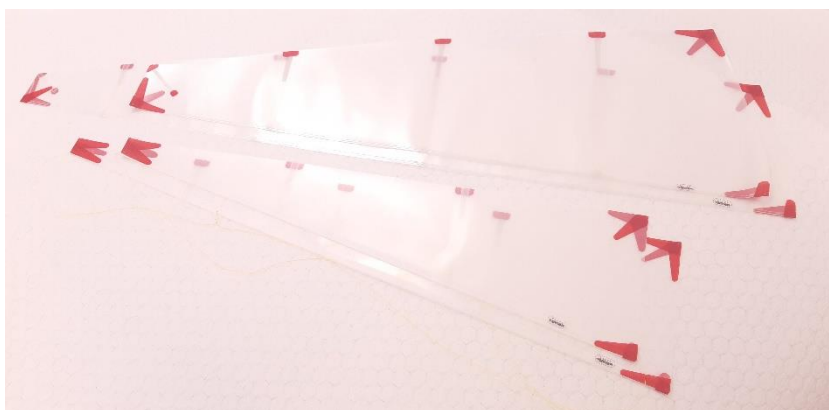

- 36 micron mylar foil

MS 3102 Swing B sail.....35.- EUR

- 50 micron mylar foil

MS 3103 Swing C sail.....35.- EUR

- 75 micron mylar foil

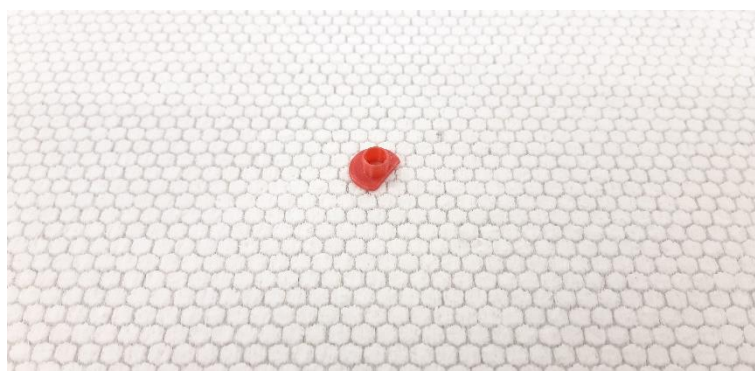

MS 3300 Swing rig boom( 1 pcs.) .....16.-EUR

- Carbon herex sandwich
- weight: 10g
- CNC machined
- 11,5x3,5mm

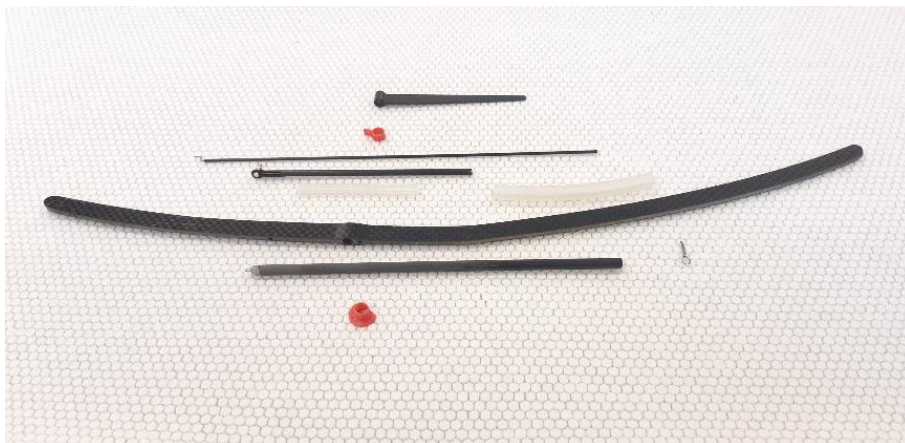

MS 3305 3D printed mast ring .....3.- EUR

MS 3310 A or B or C Swing rig kit, without mast and sail.....40.-EUR

- A, B, or C (same parts)
- mast band with flange (3pcs. diferent size)
- lower mast tube 6mm
- swing boom
- mast ring
- jib boom
- silicon tube
- mast crane
- main sheet ring

MS 3400 mast crane 90 mm (ø 6 mm).....5.-EUR

MS 3401 mast creane 60 mm (ø 5 mm).....5.-EUR

MS 3402 mast band with flange carbon (ø 4 mm).....4.- EUR

MS 3403 mast band with flange carbon (ø 5 mm).....4.- EUR

MS 3404 mast band with flange carbon (ø 6 mm).....4.- EUR
